NATIONAL BALL LEAGUE WILL BE GOVERNED BY A TRIUMVIRATE.

### N. E. YOUNG TO DO THE WORK

SECRETARY - TREASURER MADE WITH OFFICE AT NEW YORK.

Mr. Temple Unwilling to Act as President on Account of Business -War on Ban Johnson.

NEW YORK, April 3.-National League executive power will this year be vested in a triumvirate consisting of Presidents John T. Brush of the Cincinnati club, James Hart of the Chicago club and A. H. Soden of the Boston club. Mr. Brush is the chairman and will preside at the League meetings. This decision was reached late tonight after a long discussion between the managers following the receipt of a telegram from W. C. Temple, of Pittsburg, declining the tender of the presidency of the League made by vote of the managers twenty-four hours before.

To-night's session was a long one. A playing schedule was adopted, but was not made public in full. It probably will be given out to-morrow. Chairman Brush said, however, that the League season will open April 17. New York will open at home on that date, playing with Philadelphia. That night both teams will go to Philadelphia, where Philadelphia will open on the 18th. Then both teams return to New York, where they will play on the 19th. Brooklyn opens in Boston on the 17th. Boston comes to Brooklyn on the 18th, and Brooklyn goes back to Boston for the final of the three games on the 19th. Pittsburg opens in St. Louis on the 17th, and on that date Chicago opens in Cincinnati.

Soon after the meeting began N. E. Young handed in his resignation as president of the League, thus giving a chance for the appointment of the executive com-

It necessitated going over again the whole

#### Manager Watkins Gives His Players Two Hours' Work.

The sixteen ball players now in the city and Manager Watkins gathered on the Washington Park ball field yesterday afternoon and, notwithstanding it was just a little chilly, Manager Watkins gave the Hoosier candidates two hours of very fast work. They cantered around the park and worked out the kinks that had accumulated during the winter months.

The field was in good condition and the players were assigned to position to try them out. The pitchers were given a few minutes each at tossing the ball to the batters. They all acted as if they had been practicing for a month. The men in the infield gathered in the grass cutters that were batted to them with perfect ease and they threw to first with great accuracy. Double plays were frequent, the men handling the ball better than the base runners acquitted themselves.
